DETAILED ACTION

Response to Amendment

1. In response to the Amendment received on 12/10/2003, the examiner has carefully considered the amendments.

Response to Arguments

2. Applicant's arguments see Remarks, filed December 10, 2003, with respect to claims 1-40 have been fully considered and are persuasive. The rejection of claims 1, 3-8, 11, 13-19, 21-23, 26-27, 29-31, and 34-39 under 35 USC 102(b) has been withdrawn.

Allowable Subject Matter

3. Claims 1-40 are allowed.

4. The following is an examiner's statement of reasons for allowance: the primary reasons for allowance is the inclusion of from about 40 mol% to 100 mol% structural units having the formula I found in the claims and disclosure in a polymer in an oxygen scavenging composition and/or method of making said composition comprising such a polymer and/or packaging article comprising said polymer. The prior art fails to specifically teach an oxygen scavenging composition comprising a polymer having tetrahydrofurfuryl moieties from 40-mol% to 100-mol% (i.e. polytetrahydrofurfuryl) in combination with an oxidation catalyst.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
